BRIDAL STYLING

Congratulations on your upcoming wedding and we're delighted that you're interested in our work!

I'd be happy to tell you what we can do for you regarding the care of your bridal hairstyle and makeup.

You may have already taken a look at my site. In recent years, we have specialized in bridal styling, both in makeup and hairstyles, and we still train regularly to always be able to offer the latest trends.

This specialization makes virtually anything possible with your hair and makeup!

Intake interview

If you are interested in having us take care of your hair and makeup, we will first schedule an intake interview.

This can be done by telephone or via Teams.

This appointment lasts about 30 minutes and we will discuss all your wishes and I will tell you in detail how we work and what we can do for you :) Thanks to this conversation you will have a good idea of me or Roxanne and based on the conversation you will receive a personal price quote. If this also feels good for you, a booking will be made and your date will be reserved.

Trial session

Most brides opt for a trial session before their wedding, which takes place about two months beforehand and which we're happy to arrange for you at our bridal salon in Zoeterwoude Dorp. We have everything on hand, the hairpieces are hung by color, and the accessories are beautifully displayed.

Are you curious about what to expect during the trial session?

Then take a look at the site:

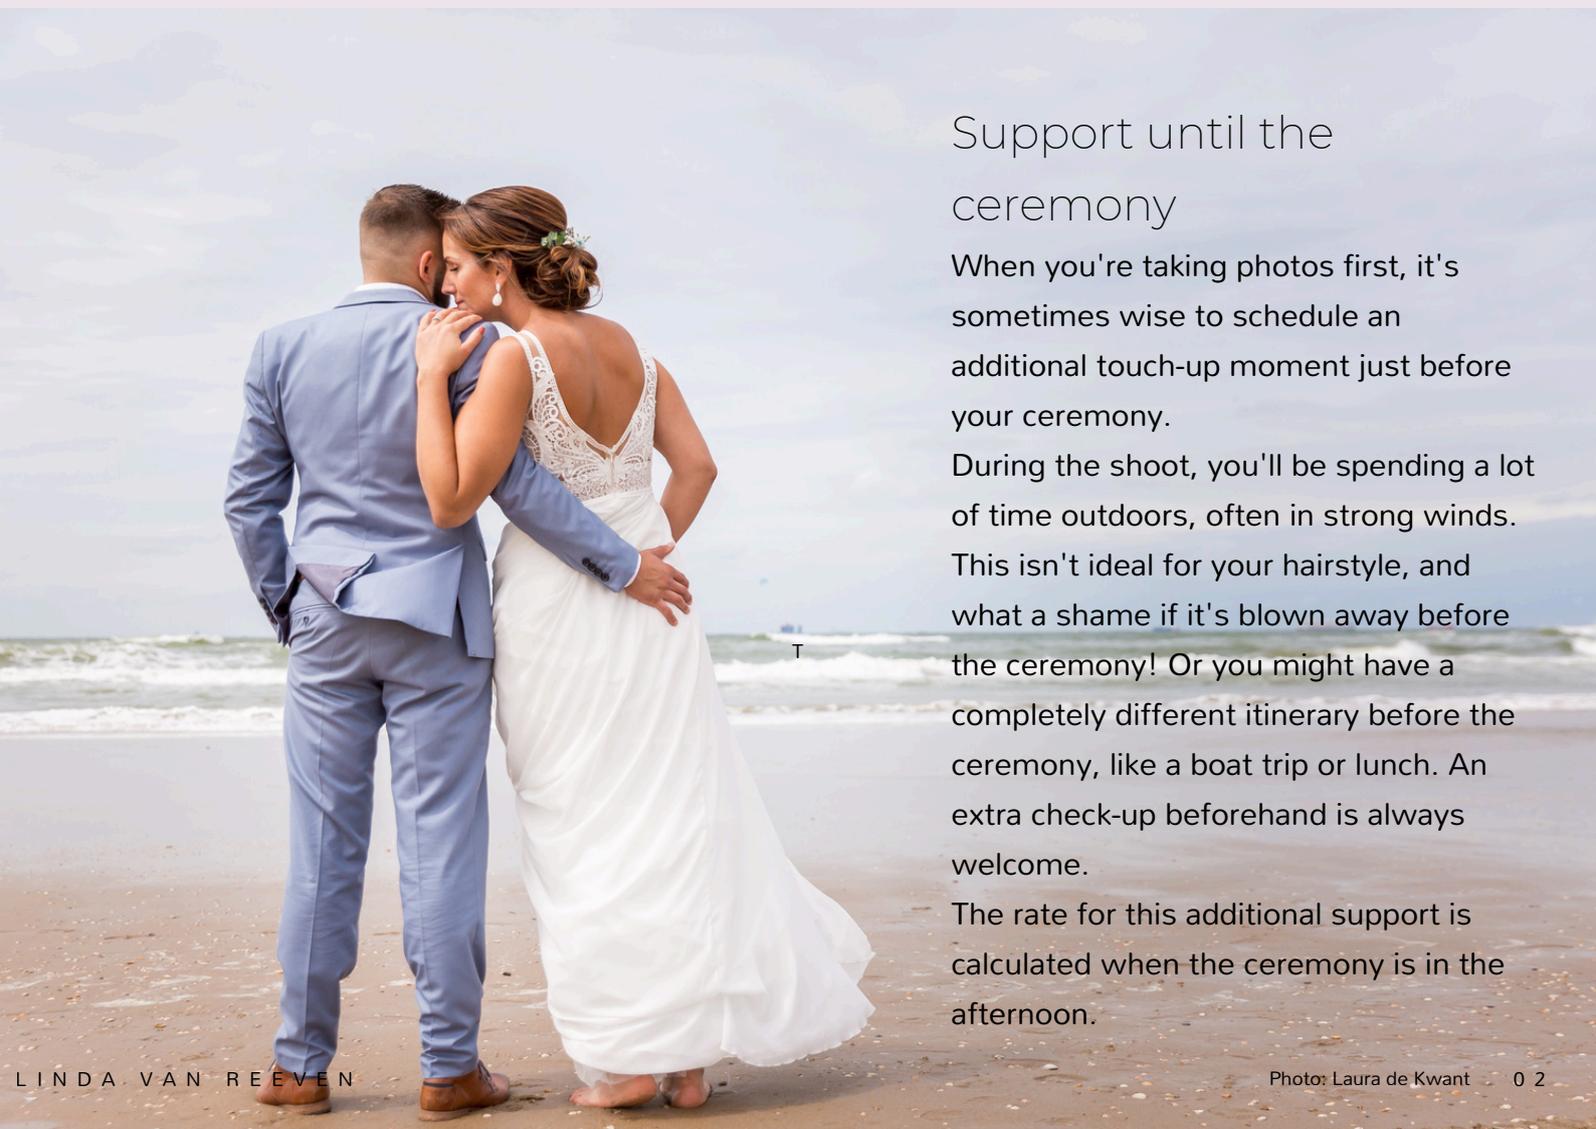

www.faceandart.nl/bruidsstyling/proefsessie-bruidsmake-up/

On the day itself of the wedding

We come to any location you desire to take care of your bridal makeup and hairstyle!

I (or Roxanne) will come to you about 3 hours in advance, we will spend 2.5 to 3 hours on your hair and make-up and half an hour for putting on the dress, we will also help with this regularly because when the dress goes over the head we help to protect the hairstyle.

A veil and lipstick or lip gloss are only applied after the dress.

Support until the ceremony

When you're taking photos first, it's sometimes wise to schedule an additional touch-up moment just before your ceremony.

During the shoot, you'll be spending a lot of time outdoors, often in strong winds. This isn't ideal for your hairstyle, and what a shame if it's blown away before the ceremony! Or you might have a completely different itinerary before the ceremony, like a boat trip or lunch. An extra check-up beforehand is always welcome.

The rate for this additional support is calculated when the ceremony is in the afternoon.

Hairextensions rental

If you are unfortunately not blessed with a full head of hair, we often use hairextensions.

These are of very nice quality and 100% real hair.

These are individual sections, so the amount is adjusted to your individual hair length and thickness.

This way, we get the maximum effect without anyone noticing that there are "fake" pieces in there.

Eyelash extensions

Over the years, we've refined our technique for naturally lengthening your lashes. We use tangle-free lashes in various lengths, fill in your lashes, and sometimes even lengthen them slightly. This gives you a beautiful look and instantly gives you a bridal look!

Especially when you want to go for a natural look.

I've been working closely with Roxanne for years. She often comes along to style guests, and when I'm unavailable, she's styled many brides for me. If you read the reviews on theperfectwedding.nl, you'll see her name a lot, and everyone is equally happy and enthusiastic! So if I can't make it, Roxanne is the perfect choice for you! And if she's also unavailable, I have a whole network of professional stylists I'd be happy to confidently refer you to!

Backup system

We record everything we've done and take photos for our portfolio. In case I'm unexpectedly unable to attend due to unforeseen circumstances, my network can take over immediately!

Guest care

Of course, your guests can also have their makeup or hair done. Sometimes, if there are several guests, I'll bring a colleague along so we can style everyone in peace.

The rates below are based on when the same stylist also styles a guest. For a second stylist, there is an additional charge of approximately €15 per guest, excluding travel expenses for the second stylist.

Guest rates:

- Make-up guest: €50,00
- Makeup & Hairstyle short: €85,00
- Blowdry short hair: €50,00
- Long updo: €65,00
- Make-up & hairstyle long: €105,00
- Bridesmaid up to 13 years: €25,00
- Eyelash extension guest: € 9,00
- Hair Filling Guest: € 5,00

What exactly does the assistant package include?

Photo: Nienke van Denderen

I have put together this package for the bride who will be going out for a few hours for her photo shoot before her ceremony. Too often, this happens on the beach or in another windy location. This can be disastrous for your hairstyle.

Standing in the sun for a few hours on a hot day can have a sultry effect on your makeup. How wonderful is it that I keep an eye on this during the shoot and touch it up just before your ceremony so you go into the ceremony looking undamaged and radiant!

The price is calculated on approximately 3 additional hours after your first look. For different times we will personalize the price.

What exactly does the assistant all day package include?

Personal assistant

I have put together this package for the bride who wants to be carefree all day long and not have to worry about touching up her makeup and hair herself.

After dinner and the party, we'll schedule a time to create your evening look. This includes a different hairstyle and an upgrade to your bridal makeup for a radiant evening look!

The price is determined by the number of hours I'll be with you. We'll discuss this in detail during our team meeting, and you'll receive a quote based on that.

We will fly
with you!

Is a touch up really necessary?

Photo: Nienke van Denderen

Bridal makeup and hairstyles are expected to last all day, and 9 out of 10 times, they do! However, in some cases, touch-ups are necessary. I've listed these special situations for you:

- In high humidity:

Hair becomes extremely frizzy in high humidity, curls fall out very quickly and there is little that can be done about it except to touch it up again, often after a good thunderstorm the air is restored and things get better.

- After wearing a veil:

When you wear a veil, it has been rubbing against your hair for a few hours and can cause a lot of frizz, especially with loose curls or a casual low bun, the veil can cause quite a bit of damage, especially if the veil is also heavy, your hairstyle will be quite dented.

- At high temperatures:

At temperatures above 25 degrees Celsius, your makeup will struggle and your curls will stick to your back. It's a good idea to touch it up before your party!

- In strong winds:

As you may have read on the previous page, wind is disastrous for loose or half-up hair. This is something you can't predict in advance, so if you unexpectedly encounter a storm, a last-minute touch-up can still be scheduled.

- 2nd look for your party:

It's becoming increasingly common to choose a different look for the evening, with a change of hairstyle and a major upgrade to your makeup for a radiant party look!

Touch up excl. travel costs €125,-

Finally..

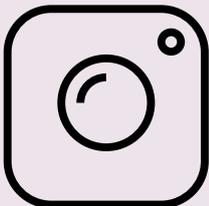

Discover our beautiful accessory line during the trial session. Designed and handmade by Linda.

The nice thing about this is that you first determine your hairstyle and then adjust it accordingly
And

choose an accessory that perfectly matches the bridal hairstyle.
